Live Fire Pistol

Instructions

Stages 1-3 will begin at the 10 meter firing line with unholstered pistol. At the command "load and make ready" , shooters will "lock and load" and assume the appropriate position. At the command "Standby", shooters should wait for the command of "fire", firing begins after the "fire" command is heard and ends with the buzzer or command of "cease fire". In all stages shooters engage target with 10 shots from the appropriate position in 3 minutes or less.

Target is the CNGB-PMC Live Fire 10m reduced target.
